

COMMUNIQUE – COVID 19 | 19 MARCH 2020

In line with the latest updates from the local authorities, the bank has already activated its business continuity plan to ensure that staff can work remotely if the need arises.

We therefore encourage you to:

- ✔ make full use of our internet banking platform to monitor accounts and carry out your transactions securely, 24/7.
- ✔ use ATMs to withdraw money and use debit card for purchases.
- ✔ contact your Relationship Manager or contact person at the bank if you want to avail above services or for any further queries.

While we are committed to ensuring seamless operations at all times and as per our customers' expectations, we rely on your understanding if ever there is any delay in our service delivery due to these unprecedented circumstances. ABC Banking's thoughts are with those affected by COVID 19.
